1940 Census of Monitor & Cherry Tree, Logan County, West Virginia Taken April 6 – 18 by Ruby Mae Walsh

In attempting to transcribe this census from microfilm there are undoubtedly errors. In some cases I made a guess as to the spelling of a name. My purpose is to try to sort out in a logical order who were neighbors. Did Ruby Mae Walsh go up one side of the community and down the other, criss cross through the community, do a lot of back tracking? Any insight as to putting neighbors in order would be appreciated.
