

From Conversation with 88 year old Gloria Hatfield Martin: The first four company homes (first two one each side) were the best houses. They had plastered walls. The Dewey Hatfield family lived at one time in each of the first two houses on both sides of the road (four houses altogether). They moved into the Taylor home after the Taylor family moved to Switzer around 1938. 3/23/2013 -Robert McCormack

1930 Census Monaville Village Taken April 2 – 12, 1930 –John E Ferrell (Includes Rossmore Camp, Monitor # 3 Camp & Yuma Ca,[--State Highway 10)

In attempting to transcribe this census from microfilm there are undoubtedly errors. In some case I made a guess as to the spelling of a name. My purpose is to try to sort out in a logical order who were neighbors. Did Mr. Ferrell go up one side of the camp and down the other, criss cross through the camp, do a lot of back tracking? Any insight as to putting neighbors in order would be appreciated.
